

Financial Consulting and Contract Management Professional Services

Founded in 1991, Preferred Systems Solutions, Inc. (PSS), headquartered in McLean, Virginia, is committed to providing reliable and cost-effective solutions to meet our clients' business goals and objectives. At PSS, integrity, quality and innovation are at the forefront of all our business decisions. PSS continues to build long-lasting relationships with our employees and business partners, who share our values of integrity, quality and innovation.

PSS Financial Consulting Services

Full-Cycle Accounting and Controller Services

PSS helps government contractors maximize return on investment in their back office by offering a full complement of managed back office services, including budgeting, DCAA audit compliance, accounting, financial analysis, contracts management, rates and pricing, payroll, and labor management services. Teaming with PSS creates a competitive advantage by enabling a scalable back office to meet your company's dynamic needs, lowering fixed and overhead costs, and ensuring compliance with standard government practices.

Deltek® Solutions Implementation and Hosting

PSS implements Deltek government accounting solutions – GCS Premier®, Time and Expense, IBM® Cognos® Business Intelligence, and Costpoint® – as a Deltek Premier Partner. PSS expertly optimizes these solutions to meet each client's unique needs and operating environment. In addition, PSS offers the option of hosting Deltek solutions in a state-of-the-art cloud infrastructure, which provides for disaster recovery, multi-site backup and restore, and government-certified secure access.

Data Call® Project Reporting

PSS puts critical project financial information where it matters most – in the hands of managers at all levels of the organization. DataCall is a customizable, secure financial and accounting business intelligence software tool that works in conjunction with Deltek accounting solutions to provide real time and on-demand access to critical business information. With intuitive dashboards and over 120 report options, PSS' DataCall reporting solution helps clients achieve profitability – one project at a time.

Advisory Services

PSS provides a broad array of consulting services for government contractors ranging from planning, budgeting, internal processes and controls, pricing, rate structures and pools, to DCAA cost submissions and audit advice, to acquisition integration and due diligence support. PSS provides its clients with easy, on-demand access to cost-effective, industry leading expertise.

Contract Management Services

Rely on our engaged and responsive contract experts to ensure your company's success.

Preferred Systems Solutions, Inc. (PSS) has a highly responsive and tailored approach to solving your contract support needs thus ensuring your objectives are met with high-value results that are well documented, timely and compliant. Equally important, we equip our professionals with the tools and processes required for optimal performance on your engagement.

Contract and Subcontract Management for Your Success

Our expertise spans the entire contracting process, including establishing best-practice processes and work flows, engaging cross-functional stakeholders, defining requirements, mitigating risks, assessing expenditures, managing demand, and maximizing the enterprise supply chain.

Contract Administration Encompassing the Entire Lifecycle

PSS provides full life-cycle federal contracts administration services including RFP development, cost estimating, pricing analysis, negotiations, T&C interpretation, contract compliance, contract performance monitoring, and contract modifications. We also provide end-to-end subcontract administration and performance based contract support services.

Compliance Services for Improved Controls

With a deep understanding of DCMA/DCAA trends and expertise encompassing the areas of finance, ethics, procurement, and more, PSS helps you establish and maintain internal controls for contracting compliance across the enterprise.

Reporting and Transparency Assurance

PSS' highly responsive, efficient, and collaborative, approach to solving your contract support needs ensures your objectives are met with high-value results that are well documented, timely, and compliant. Our contract professionals have the expertise to provide optimal and cost-effective performance on your engagement.

Cost/Price Analysis for Competitive Negotiations

PSS professionals develop cost/pricing strategies, defensible pricing methodologies and perform cost/price realism for all contract types, services, agreements and GSA Schedules.

Contract Close-out Services to Help Avoid Pitfalls and Delays

From achieving acceptable resolutions to invoicing and final closeout, PSS contract professionals leverage proven tools and methodologies to perform research, reconciliation and financial functions in support of contract close-outs to ensure full compliance with federal regulations.

Solutions That Meet and Exceed Expectations

Regardless of the size, scope or complexity of your business challenges, PSS professionals not only meet your expectations, they exceed them. That's why a broad range of government contractors rely on our experts, who utilize extensive subject matter understanding, domain knowledge and best-practice methodologies to deliver consistent, significant and sustainable results through every phase of the client's mission.

With high-value results that are well-documented, timely, and compliant, PSS' contract management support services include:

- *Contract/Subcontract Management*
- *Contract/Subcontract Administration*
- *GSA Schedule Support*
- *Teaming Agreement and Non-disclosure Agreement (NDA) Negotiation*
- *Cost Proposal Development*
- *Closeouts/Compliance*
- *Audit Support including:
DCAA, GSA, DCMA, DSS, and DFAS audits*
- *Procurement/Purchasing*

The PSS Difference

While our cradle-to-grave contract management services are comprehensive, PSS services are highly efficient and cost effective. Our agreements are structured on a Time and Materials (T&M) basis so you pay only for the hours worked, and never pay a retainer fee.
